Nash Music Scholarship 2017
Information Sheet

In an effort to assist applicants, the following information has been compiled.

- Although it is no longer necessary for an applicant to be sponsored by a chapter, it is desirable for a chapter to assist the applicant and help the student put the information together to send to the Nash Music Scholarship Committee. It is the responsibility of the applicant to gather and complete all forms and letters. It is important to remember that if anything is missing or incomplete, the application could be disqualified.
- The Nash Music Scholarship is funded by an endowment and therefore, contains certain conditions which MSSDAR must honor. The amount of money awarded for the scholarship for 2017 is \$1500; one-half to be given the first semester and one-half the second semester.
- Only the winning student is notified by the Nash Music Scholarship Chairman. This may take several weeks due to the fact that each particular voice or instrument must be adjudicated by a judge within their area of expertise. These guidelines must be strictly followed in order to avoid any misunderstanding.
- If you have any questions you may contact the State Chairman, Donna Green Nash, at dcnash1@aol.com. Mrs. Nash will also supply you with the name of a chapter in your area that will be available to help you through the process.
- Please send the applications to Donna Green Nash at the address listed above with a postage date on or before January 15, 2017 to avoid disqualification.
- Awards are placed on deposit with the college/university and any unused portion shall be returned to MSSDAR. Awards must be used within one year or the award will be forfeited.
- Please read all application information carefully. We understand that all applicants put a great deal of time, effort and resources toward completing applications correctly. We are happy to consider all applications for this wonderful opportunity.
