Information for Chapters

The focus of this scholarship was changed at State Conference in 2022. It is no longer tied to attendance at an educational institution. The Missouri DAR Veterans Scholarship is **an award to veterans to be used to further their personal goals.** The scholarship will be awarded at the National Defense Lunch at State Conference.

All applications must be sent by the applicant to the state chair for judging and postmarked no later than **February 1, 2026**. The application, in writable PDF format, will be available on the MSSDAR Daughters' Only web site when the State Packet is uploaded and also on the MSSDAR web site:

<https://www.mssdar.org>.

Please help us spread the word! Contact **local groups** in your community, particularly the **veterans organizations, colleges, and vocational schools**. Many schools have a veteran liaison who is willing to distribute information to veterans.

Please send an announcement of the veterans award to your local media, using your chapter as the contact.

Please email the writable PDF application to groups you contact and to applicants so that they can take advantage of the writable PDF format of the application.

Included information in the Fall Packet is:

- Information sheet for chapters
- Two pages for applicants (directions and applicant coversheet)
